## HITLER LEAVES FOR ITALY MONDAY VISIT BENITO MUSSOLINI

### HISTORY MAKING TRIP MAY DETERMINE FUTURE FRIENDSHIP TWO NATIONS

BERLIN, May 2.—(P)—Reichsfuehrer Hitler and his numerous retinue of German leaders left today for his state visit to Italy. His special train pulled out for Rome at 4:45 p.m. (10:45 a.m., E.S.T.).

Berlin's population gave the Fuehrer a tremendous send-off. Thousands jammed the Anhalter railway station, which was decked with bunting and streamers.

The city's Italian colony appeared in full force as the ruler of Germany departed to make with Premier Mussolini an inventory of their common alliance confronting Europe's changing political conditions.

BERLIN, May 2.—(P)—Fuehrer Hitler departs for Italy today to visit Premier Mussolini and take an inventory of their close friendship in the light of Europe's changing political affiliations.

"A history making trip," the newspapers put it, and Berlin's crowds turned out to cheer and wave Italian and Nazi flags along the Fuehrer's route from the Chancellery to Anhalter station.

There have been three significant developments since the Nazi-fascist colleagues met at Munich last September 25, and these may well determine the nature of their future collaboration although the German public has been cautioned not to expect any sensational announcements.

First is Fuehrer Hitler's bringing of Austria into Greater Germany on March 12, putting German troops at Brenner Pass on Mussolini's back doorstep. (Rome officially has affirmed its endorsement of the Anschluss.)

Second is Mussolini's entrance into a friendship agreement with Britain on April 16, and French and British speculation that this might be the wedge for efforts by the two democracies to win Mussolini from the German-Italian front. Both sides, however, have affirmed continued strength of their accord.

Third is the understanding reached last Thursday by the British and French prime ministers for increased cooperation by their armed forces in the event of war under a unified command.

Be Cloaked in Splendor.

The visit to Italy will be cloaked in splendor, and outwardly will be Premier Mussolini's return of the hospitality shown him on his visit to Germany last fall. (The meeting tomorrow will be his third; Hitler visited Mussolini in Venice in 1934.)

Official informants say no new treaties will be announced, but

## Three Prominent Chicago Couples Robbed of Jewels

CHICAGO, May 2.—(P)—Returning from a theater, Bror G. Dahlberg, president of the Celotex Corporation, his wife, and two law partners, were robbed last night of jewelry they valued at more than \$20,000, by two gunmen who entered their taxicab on the near North Side.

The robbers opened the cab door to "drive ahead." In driving around the Loop, the women removed bracelets, rings and wrist watches and their husbands gave up their own rings, watches and tiepins.

A third robber trailed the taxicab and picked up the gunmen.

## TWENTY-SIX DEMOCRATIC HOUSE MEMBERS UP FOR RENOMINATION IN PRIMARY ELECTIONS TUESDAY

WASHINGTON, May 2.—(P)—Twenty-six Democratic members of congress, some for and some against the Roosevelt administration, made last minute appeals to their party members in four states today for renomination in tomorrow's primary elections.

Three senators and 23 representatives sought party support in Indiana, Alabama, South Dakota and Florida. Failure to win would mean they either would have to run as independents in the November elections or relinquish hope of another term.

Republicans held primaries at the same time, but only two of their house seats are involved—those to which Representatives Sase of South Dakota and Haleck of Indiana seek renomination.

In some districts, the Democratic vote will afford the first test

## FLOYD HAMILTON AND TWO OTHERS SOUGHT AFTER JAIL BREAK

MONTAGUE, May 2.—(P)—Floyd Hamilton, brother of the late notorious Raymond Hamilton, and two other jailbreakers remained an elusive quarry for northeast Texas officers today.

The three men broke jail Saturday night, four days before their impending trial here for burglary.

Hamilton, with Ervin Goodspeed of Bowie and Ted Watson of Dallas, broke jail here Saturday night, fleeing on foot after stabbing Kenneth Chandler, 23, the jailer and son of the sheriff, in the leg with a pair of barber's scissors.

They took Chandler's keys, opened the jail arsenal, and seized a shotgun and two pistols.

North Texas officers planked them leading into Oklahoma, and the central sector of Texas, but no trace of them had been found.

Mrs. H. T. Chandler, the sheriff, who is serving the unexpected term of her late husband, said her son's wound was not serious.

She said Ervin Goodspeed stabbed her son. He crawled through a hole left when a cell bar was cut away with a razor blade, and behind the control block, and jumped on the youth as the latter brought cheese and crackers to the men.

Goodspeed then took Chandler's keys and released the other men; they cut the jail's telephone wires before they fled, and headed toward the northeastern part of town where bloodhounds lost the trail.

They were scheduled to go on trial Wednesday in connection with a burglary at a Ringgold, Tex., drug store. Hamilton had been in the jail since he was arrested by the late Clyde Barrow, pal of his brother Raymond.

## Oklahoma Highways Blocked

OKLAHOMA, May 2.—(P)—Oklahoma highway patrolmen blocked two roads leading into Oklahoma from North Texas today to cut off escape northward of Floyd Hamilton, brother of the notorious Raymond Hamilton, and two other fugitives from the Montague, Tex., jail.

Patrolmen were ordered to block a highway leading north from Ringgold, Tex., and another leading into Walters from Charlie, Texas.

An estimated crowd of 500 people attended the all-day anniversary celebration and May Fete program at the F. O. F. Home Sunday. A picnic lunch was spread on the grounds at the noon hour and ample food for all was provided. Scores of Old Fellows and Rebekahs carried well-filled baskets in addition to that furnished by the Home and Corsicana, Lodge No. 63.

Addresses were made by J. D. Warren, the local leader, and Konrad Henlein, a German leader, who demanded a plebiscite so that the 3,500,000 German residents of Czechoslovakia may determine their wishes for government.

Using May Day as a springboard, Henlein and his colleagues renewed their demands for political concessions in a burst of oratory in towns through the German sector of the nation.

There was only one report of disorder, at Troppau, near the frontier with Germany, where three men were injured in fighting.

Anti-Nazi Germans tried with promises to support the Czechs in defiance of the nation to offset the demonstrations, which have increased in intensity since the German annexation of Austria.

## MAYOR LAGUARDIA URGES PERMANENT RELIEF COMMITTEE

### CONGRESS TOLD PROGRAM SHOULD BE WORKED OUT FOR SPENDING SPREE

WASHINGTON, May 2.—(P)—Mayor Fiorello LaGuardia of New York proposed today that congress set up a "permanent recovery committee" and instruct it to work out a program for submission to a special session in the fall.

La Guardia appeared before a house appropriations subcommittee in his capacity as president of the United States Conference of Mayors—an organization of the heads of large cities.

He said he had endorsed the President's spending-lending program, but urged that it be made sufficiently flexible so all parts of the country would benefit.

He said he had been asked for suggestions and had advanced the idea of a "permanent recovery committee" composed of members of the major committees of the house.

"Then various bill for permanent recovery would be referred to that committee," he explained.

"They could stay here this summer when congress goes home and present the one bill, with all phases of recovery covered in it, in September or October, at a special session."

"We've got to get the best minds of the country on this thing and do it damned quick."

William Green, president of the American Federation of Labor, had endorsed the spending-lending plan earlier as a means of

## Murder Charges Be Filed Against Ohio Farm Hand

MARION, O., May 2.—(P)—Prosecutor Paul D. Michel said he would place murder charges today against H. O. F. Myers, who he said, admitted leaving his wife and seven children in a movie while he killed his employers, Mr. and Mrs. Homer Myers, and set fire to their home.

Prosecutor Michel said Roush owed his employer about \$1,400 on a note. He said the confession related that Roush told Myers he was going to pay him, and "paid in full" and handed it over.

The 48-year-old farm hand then shot Myers and his wife, the confession continued. He beat Mrs. Myers and the quartet fled through the smoldering house. The fire was put out before it reached the bodies.

Roush said he attended the movie but was trapped when he failed to relate its details. Myers was a prominent stock breeder.

## LARGE ATTENDANCE UPON MAY FETE AT ODD FELLOWS HOME

Addresses were made by J. D. Warren, the local leader, and Konrad Henlein, a German leader, who demanded a plebiscite so that the 3,500,000 German residents of Czechoslovakia may determine their wishes for government.

## LARGE DELEGATION LANDOWNERS SEEKING ROAD IMPROVEMENT

### RECENT RAINS CLAIMED TO HAVE DAMAGED IRENE-EMMETT ROAD

A large delegation of landowners of Emmett and Irene appeared before the Navarro county commissioners court Monday morning and sought the improvement of the Emmett-Irene road. County Commissioners J. N. George of Blooming Grove and C. O. Slaughter of Curlew, through whose precincts the road extends, promised the delegation they would meet with them Tuesday afternoon at 4 o'clock for an inspection of the area.

It was brought out that the continuing rains with the attendant overflows had patently made the present road useless, and several hundreds yards needed rebuilding. The Irene delegation stated the Hill county commissioner was ready to co-operate with the Navarro county commissions in improving this route and suggested a WPA project to make this road an all-weather affair.

It was stated there was a strong possibility that the road from the Hill county line to Irene would be graveled in the event the Navarro county section is improved.

## CZECH NAZI LEADER DEMANDS PLEBISCITE FOR GERMANS THERE

### KONRAD HENLEIN USES MAY DAY AS PROPITIOUS TIME TO MAKE DEMANDS

PRAHA, Czechoslovakia, May 2.—(P)—The Nazi leader, Konrad Henlein, has demanded a plebiscite so that the 3,500,000 German residents of Czechoslovakia may determine their wishes for government.

Using May Day as a springboard, Henlein and his colleagues renewed their demands for political concessions in a burst of oratory in towns through the German sector of the nation.

There was only one report of disorder, at Troppau, near the frontier with Germany, where three men were injured in fighting.

## DR. J. E. NUNN OF AMARILLO DIED IN COLORADO SPRINGS

### WAS FOUNDER OF AMARILLO DAILY NEWS; PROMINENT MINISTER-EDUCATOR

COLORADO SPRINGS, Colo., May 2.—(P)—Dr. Joseph Elbert Nunn, 88, of Amarillo, one of the Texas Panhandle's greatest ministers, educators and newspaper publishers, died at a hospital here today.

He had undergone a major operation Thursday.

Dr. Nunn established the Amarillo Daily News in 1910 as a newspaper favoring prohibition. In 1925 Gene Elowe, Wilbur Hawley and associates established the Globe in Amarillo and next year bought the News from Dr. Nunn, whose name remained on the News masthead as the founder.

Dr. Nunn was born Sept. 23, 1851, in Adair county, Kentucky. He joined the Baptist church and was an active worker the remainder of his life, spending many years in the pulpit. He was graduated from LaGrange College at LaGrange, Mo., in 1872 and later taught in the Baptist Seminary at Eminence and had charge of the Seminary at Bagdad, Ky.

He married Miss Lettie Hamlet, a teacher at the Bagdad Institution, in 1897. She died in 1919. Four children were born, P. Lindsay Nunn, Texas and Kentucky newspaper man; Mrs. Horace B.

## INVESTIGATION IS STARTED IN CRASH ITALIAN AIRLINER

### AMERICAN WOMAN AMONG FOURTEEN VICTIMS OF SATURDAY DISASTER

ROME, May 2.—(P)—The worst disaster in the history of Italian civil aviation, the lives of 14 airplane passengers and five aviators was investigated today by the Italian government.

General Aldo Pellegrini, chief of Italy's commercial aviation, went to Formia to conduct the inquiry.

The giant airliner of the Alitalia Company, en route from Tirana, Albania, to Rome, fell into dense clouds Saturday afternoon and hit a mountainside near Formia, 70 miles southeast of Rome on the Tyrrhenian coast.

Rome said one of the victims was an American woman, Helen Lindheim, born in 1908. It said she carried a passport issued in Jerusalem and was on her way to Rome from Palestine, having boarded the plane at Brindisi.

The consulate had not been able to establish her address in the United States.

## SENATE AMENDMENT WOULD LIMIT NAVAL SHIPS 35,000 TONS

### AMENDMENT WAS DEFENDED BY SENATOR WALSH, FLOOR MANAGER OF BILL

WASHINGTON, May 2.—(P)—The senate adopted today an amendment to the \$1,156,000,000 naval expansion bill which would prevent the construction of battleships larger than 35,000 tons unless the president determines that other nations are building larger warships.

The amendment, proposed by Senator Vandenberg (R-Mich.) was accepted and defended by Senator Walsh (D-Mass.), floor manager for the naval expansion bill, who told the senate the navy does not desire to build ships larger than 35,000 tons unless other nations do.

Under terms of the Vandenberg amendment, the president would determine whether ships larger than 35,000 tons were officially projected, authorized or whether keels had been laid for them. In the event he found that any of these conditions had been met by other nations, he could recommend ships up to 45,000 tons, authorization for three of which would be included in the pending bill.

## Senator King Opposed

WASHINGTON, May 2.—(P)—Senator King (D-Utah) said today he would oppose President Roosevelt's recommendation for a \$500,000 appropriation for an investigation of business monopolies by federal agencies.

King, ranking Democratic member of the senate judiciary committee to which the president's monopoly message of last week was referred, said:

"I don't want the executive to investigate these matters. I think that's a job for the legislative branch. There is no necessity for authorization of \$500,000 for such an investigation. The joint congressional committee could take \$50,000, investigate it this summer, and report to congress in January."

## Amarillo Man Is Charged Criminal Attack on Girl

AMARILLO, May 2.—(P)—E. F. Reynolds was charged today with criminal attack on a 13-year-old girl and was ordered held without bail by justice of the peace.

Reynolds was arrested after the uncle of the girl and his 11-year-old daughter, who said a man had taken her out and tried to molest her, went to the police station and told officers the 13-year-old girl was missing.

Reynolds is 43 years old. He is married and has a two-year-old son.

## Many Steers Sold

CHANNING, Tex., May 2.—(P)—Two thousand head of 3-year-old steers have been sold by the Matador Land and Cattle Co. to Kansas and Illinois.

The biggest cattle deal in this area in years. A special train of 60 cars carried 1,700 of the 850-pound average steers north where they will go into corn belt feed lots this fall.

## Three Members Kansas Family Tornado Victims

PRATT, Kas., May 2.—(P)—A tornado ripped through southeastern Pratt county last night, killing three members of one family near Cunningham and injuring 13 other persons severely.

The dead were:

Mrs. John Miller, 34, and her two sons, Virgil, 8, and George, 6.

The Miller family had retired for the night when the storm struck demolishing their 6-room home. Every building on the farm, northwest of Cunningham, was destroyed. Their car was blown 300 yards into a pond.

Hail and torrential rain accompanied the tornado, which cut a narrow path through the affected area.

Five other members of the Miller family were injured.

The full extent of the storm's force had not been determined today. Highway patrolmen reported nearly a score of families homeless.

## BIG SPRING, May 2.—(P)—Big Spring checked damage today from a brief but severe hailstorm late Sunday, when stones smashed window panes, tore holes in cars and damaged roofs.

George Neel, caught in the storm, was knocked unconscious by one of the stones, but was not seriously hurt. Some of the stones measured nine inches in circumference.

The hail (lumpy was only momentary, and was accompanied by little rain.

Mrs. Lizzie Devers, Sapulpa, Okla., who was 107 years old May 1, holds a birthday gift, four baby chicks, as she handles repartee, observing she's "still a giddy girl" and lived long because her father was a Cherokee fullblood, her mother Irish and Dutch. She's had nine husbands.

## AGREEMENT BETWEEN ITALY AND BRITAIN IN PALESTINE ISSUE

### BRITISH PRIME MINISTER SAID TWO NATIONS NEAR WAR YEAR AGO

LONDON, May 2.—(P)—An oral agreement between Britain and Italy over the delicate issue of Palestine was disclosed by Prime Minister Chamberlain in the house of commons today as he faced an opposition onslaught on the Anglo-Italian pact signed at Rome April 16.

The two powers had exchanged assurances that interests of the other in Palestine would be respected, Chamberlain announced.

Vigorously defending his policy of realistic dealing with Europe's dictators, the prime minister said the Rome agreement was the first great step toward a "surer state in Europe."

As he spoke, in opening debate on the Rome pact, Premier Mussolini was preparing to welcome tomorrow his partner in the totalitarian Berlin-Rome axis, Adolf Hitler.

Chamberlain closed his 43-minute speech by "repudiating" the idea that "it is impossible for democracy to come to terms and understanding with states of authoritarian ideas."

Earlier he declared that when he became prime minister eleven months ago Britain and Italy were drifting rapidly toward war and that relations of the two powers were "so unsatisfactory, even so dangerous, it was necessary to make some effort to improve them."

Chamberlain cited President Roosevelt's approval of the Anglo-Italian accord.

"The President of the United States signified his sympathetic interest because he realizes this affords proof of the value of peaceful negotiations," the prime minister said.

Opposition Attack.

A bitter opposition attack was launched by Herbert Morrison, laborite, who said:

"The wrongs of Spain and Abyssinia (Ethiopia) constitute a disgrace to the honor of this country. x x x (the pact) is an open betrayal of constitutional Spain and a positive incitement to Germany and Italy to make Franco the Spanish insurgent leader we wish quick."

Morrison charged that "the circumstances connected with the resignation of Mr. Eden (Anthony Eden, former foreign secretary) were such that if the prime minister had not made some sort of agreement he would have been politically humiliated, possibly politically destroyed."

Eden resigned Feb. 20 because he would not approve opening negotiations with Italy while Italian troops remained in Spain.

Chamberlain and Morrison had a brief angry exchange when the

## Decision Delayed On Striker Status By Supreme Court

WASHINGTON, May 2.—(P)—The Supreme Court postponed action for at least two weeks today on litigation involving the question of whether employees who strike voluntarily are entitled to the protection of the National Labor Relations Act.

Only a few minor opinions were delivered before the court arranged to recess until May 16 after hearing arguments in two cases.

Justice Roberts 63 Today.

WASHINGTON, May 2.—(P)—Justice Owen J. Roberts of the Supreme Court was 63 years old today, but court duties as usual—constituted the day's program.

## WORLD WAR PRECIPITATION IS MAIN REASON FOR NEW ANGLO-FRENCH MILITARY ALLIANCE

By DEWITT MACKENZIE, Associated Press Foreign Writer.

NEW YORK, May 2.—When the German Kaiser in the dark days of 1914 lashed out across the Atlantic with his ultimatum to Britain, the Kaiser's disastrous blunder, for this reason the alliance is about the best insurance thus far devised against another European war. It may not prevent such an upheaval, but it will tend to defer it.

Had been No Doubt.

As a matter of fact, while the alliance is a most useful warning, Britain had been no doubt that the latter would attack France if England also would fight for Belgium or Holland or Denmark, in event of aggression against them.

There is nothing altruistic about this.

HITLER

(Continued From Page One)  
the make-up of the delegation ac-  
companying the fuhrer indicated  
the visit would be more than  
purely "representative."

Dr. Friedrich Wilhelm Gaus, le-  
gal expert of the foreign office, is  
a member of the party. Not so-  
cially inclined, it seems unlikel-  
y he would go along if there  
were not in prospect some type  
of agreement.

It is significant also that 80  
uniformed editors and correspond-  
ents of the German press were  
accompanying the press liaison  
officers for the legal department  
of the Nazi movement.

Government commentators in-  
sist the tenor of the parleys will  
differ distinctly from the British  
French talks, which are consid-  
ered here to have demonstrated an  
"obviously political-military note."

An earnest effort to make of  
these conversations a real contri-  
bution to the peace of Europe is  
pictured here as the wish of both  
the fuhrer and the Italian duke.

Great Welcome Being  
Planned For Hitler

ROME, May 2.—(AP)—Troop  
trains rolled into Rome hour upon  
hour, bringing 100,000 sol-  
diers to be on hand for the visit  
of Germany's Reichsfuhrer Hit-  
ler.

There was everywhere the tur-  
moil of last-minute preparation to  
celebrate the welcome to the Nazi  
chiefdom tomorrow night the great-  
est pageant in the ancient city's  
history.

Parks were closed to the public  
and converted into military camps.  
Merchants refused deliveries to  
the trucks could not move  
through downtown streets choked  
by soldiers, detectives and tour-  
ists.

Persons of questionable record  
were jailed or driven from  
Rome, Florence and Naples during  
Hitler's six-day stay, and unoffi-  
cial estimates fixed the number  
involved at between 6,000 and 7,  
000.

There is in the southern Tyrol  
an especial air of excitement, and  
its predominantly German popula-  
tion is prepared to turn out at  
dawn tomorrow when the fuhr-  
er's train rolls from Austrian  
Germany onto Italian soil.

There will begin tomorrow the  
main conference designed to  
show that Rome and Berlin still  
are good friends, despite the an-  
nexation and the new Italian ac-  
cord with Great Britain.

There will, however, be an at-  
mosphere somewhat different from  
that prevailing when Hitler re-  
ceived Mussolini in Munich last  
September 25.

Italians, some of them in offi-  
cial circles, have expressed re-  
sentment that modification of Aus-  
trian troops to Brenner Pass, Italy's historic  
mountain gateway on the north.

The fascist party secretary, Li-  
Gen. Achille Starace, and a group  
of Black Shirt officials are to  
meet the Hitler party at Bren-  
ner.

From there on Hitler will be  
the guest of Mussolini and King  
Vittorio Emanuele.

The Hitler train will pull into  
the new Ostiense station, built  
specifically for the welcome,  
shortly after dusk tomorrow.

ODD FELLOWS

lodge; Earl Orebaugh, Tyler;  
Mr. A. H. Balch, Tyler; Mr. and  
Mrs. R. M. Whitten, former su-  
perintendent and matron, respec-  
tively of the Home, Corsicana; O.  
W. Murrell, Dallas, official re-  
presentative of the Home, Odessa  
District Association, and others.

It was planned at a meeting of  
the Home Association executive  
committee Sunday afternoon that  
the annual meeting of the associa-  
tion will be held in Mexia, Mon-  
day, July 4. Miss Jennie Bain,  
Dallas, president of the Rebekah  
Assembly, and Grand Master War-  
ren of Tyler will appear on the  
program along with the students  
and officials of the Home. Other  
details will be worked out by  
the Mexia Odd Fellows and Re-  
bekahs. This meeting is expected  
to attract hundreds of members  
from all sections of Central Texas.

Competitive Degree Work.  
If there is competitive degree  
work held, this specialty will be  
staged at the Corsicana Odd Fel-  
lows building on July 1.

The executive committee of the  
Home Association is composed of  
Grand Treasurer Lummus, presi-  
dent; J. I. Blisset, Corsicana, vice  
president; Annie Whitten, Cor-  
sicana; secretary; O. W. Mil-  
burn, Mexia, treasurer, and Paul  
Moore, Corsicana, and C. O. Ad-  
kins Waxahachie.

The May Fete was under the  
direction of the nonhomans and  
junior classes honoring the sen-  
iors. Mrs. Helen Bowen was spon-  
sor of the junior class and Miss  
Olive Blanke was sponsor for the  
sophomores.

Pauline Fletcher, queen of the  
school, was escorted by Clinton  
Duckworth. She was appropri-  
ately crowned during the cere-  
monies by C. E. Couch, superintend-  
ent of the Home. Representative  
from the classes, princesses, maids  
in waiting, train bearers and dan-  
cers appeared in the attractive  
program that drew unstinted  
praises and commendation by the  
large crowd of visitors.

Corsicana Lodge No. 63, I. O.  
O. F. and Home Rebekah Lodge  
No. 128, were well represented  
throughout the day. The two lo-  
cal lodges were an unofficial re-  
ception committee and wore rib-  
bons designating the lodges.

Birthday Party For  
Kerens Boy Thursday

KERENS, May 28.—(Spl.)—Mrs.  
Clifford Poole entertained the  
friends of her son, Harold, April  
28th with a party celebrating his  
eleventh birthday. Many and  
varied games were played, the main  
feature being a baseball game  
which the girls played against the  
boys and beat them 20 to 2. De-  
lightful refreshments of punch  
and cake were served to twenty-  
two guests, and much fun was  
had during the beautiful birthday  
celebration.

INSPECTION TRIPS  
PASTURES NAVARRO  
COUNTY MADE MONDAY

PARTY GUESTS AT NOON  
HOUR OF FRED M. ALLISON  
AND J. N. EDENS

Inspection trips to outstanding  
permanent pastures in Navarro  
county and explanations of the  
procedure of establishment, main-  
tenance, and use occupied a  
group of fifty or more citizens  
of the county interested in this  
phase of agriculture Monday.

They were guests at the noon  
hour of J. N. Edens and Fred  
M. Allison at the Allison ranch  
house north of Corsicana.

R. R. Lancaster, pasture spe-  
cialist; G. W. Barnes, beef cat-  
tle specialist; W. R. Bently, agri-  
cultural engineer, all of the ex-  
tension service of Texas A. and  
M. College; R. C. Jernigan, and  
T. K. Morris, the Soil Con-  
servation service, and County  
Agent H. C. Robinson were the  
speakers at a meeting held after  
the luncheon, which was followed  
by a question-and-answer period  
for solution of individual prob-  
lems.

During the morning period in-  
spection trips were made to vari-  
ous pastures on the Edens ranch,  
and during the afternoon to the  
Allison and Wheelock pastures.

Is Vital Issue.  
In presenting the speaker for  
the afternoon, the county agent  
stated that pasture improvement  
was rapidly becoming a vital is-  
sue as the necessity increased  
for the retirement from cultiva-  
tion of certain lands which  
could no longer be profitably op-  
erated. Diversification of crop  
was suggested as a cotton sys-  
tem replacement, which called  
for livestock and this in turn  
called for adequate feed, and the  
most economical was recognized  
as the permanent pasture.

Mr. Lancaster declared the Ed-  
ens pasture was one of the finest  
native grass pastures in the South-  
west, and one of them had been  
green every time he had ever vis-  
ited it, regardless of the season.  
He insisted there was no set rule  
for establishment of permanent  
pastures, and that each man must  
learn from the experience of oth-  
ers, and it was a slow process at  
best. Money, labor and time were  
termed the chief factors in the  
whole process.

Grasses for permanent pastures  
were divided into two groups, the  
annuals which were produced  
from seed, and the perennials  
which depended upon extensive  
root systems for preservation.  
Johnson grass was termed the ex-  
ception to the perennial charac-  
teristics, and Bermuda a typical  
example.

Running Grasses.  
Running grasses will stand  
much more grazing and thrive  
under it than bunch grasses the  
speaker stated, and pointed out  
the value of mowing or cutting  
certain types of pasture more fre-  
quently in order to have better  
forage and prevent maturity of the  
plant.

In establishment of thome grass-  
es, the specialist stated there was  
little left to choose between with  
the list made up of Bermuda,  
Dallis, buffalo, rescue and Italian  
rye grass, lespedeza, and burr  
clovers. He declared proper pas-  
ture management was the key  
and the present trend was toward  
divided and deferred grazing. He  
insisted that it took a good stock-  
man and good livestock to prop-  
erly utilize a pasture and make it  
pay dividends. He also insisted  
that worn out lands could not be  
turned into pastures just by the  
planting of grass seeds, but  
would have to be built up just as  
for other crop cultivation.

Mr. Barnes declared that he  
had never been convinced that  
livestock could not be made to  
replace cotton as the "cash" crop  
and said cattle could be made to  
pay weekly, monthly or annual  
dividends with the proper man-  
agement, and insisted the best way  
of securing revenue from a pas-  
ture was by marketing the grass  
in cattle.

Wonderful Opportunity  
He declared there was a won-  
derful opportunity available  
Navarro contains in returns  
from beef herds, and that no long  
search would be necessary for  
foundation animals since several  
herds in the county contained the  
best blood lines available in the  
southwest. He indicated he did  
not feel the time was ripe for  
the establishment of the herds  
until the feed supply was ready.

Mr. Bently declared that trial  
and error methods had proven  
best in applying mechanics to  
pasture conditions and very little  
had actually been determined in  
the way of procedure, aside from  
attempts to prevent washing,  
hold as much water on the land  
as possible, and help in retaining  
the grass seed. He recommend-

CORSICANA RED HORSES WON  
GAME OVER RICE SUNDAY 6-4

Corsicana Red Horses main-  
tained their undefeated record of the  
season Sunday afternoon at Mag-  
nolia Park, with their 6-4 victory  
over the Rice Independents. This  
was the second straight win for  
the Red Horses and both wins  
were by identical scores.

A return game is scheduled at  
Magnolia Park next Sunday af-  
ternoon at 3:30 o'clock.

Several sparkling plays were  
unrepeated during the afternoon.  
The Rice combination, aug-  
mented by several stars from Ellis  
county, showed considerable  
strength and the outcome of the  
melee was in doubt most of the  
afternoon. The visitors forged  
ahead early in the game, but the  
locals overhauled the advantage  
and moved ahead late in the  
game.

Ellis, Kenendy and Hobbs were  
the battery for the Rice crew  
while Collins and Reagan hurried  
for Magnolia. Reagan started the  
game as catcher, but went to the  
mound later and Maxwell receiv-  
ed the remainder of the game.

DECREASE SHOWN  
IN NUMBER CHECKS  
RECEIVED BY AGED

A reduction in the number of  
checks and the total amount was  
noted in the report of persons  
receiving checks from the Texas  
Old Age Assistance Commission  
during April, as compared with  
March of this year and the cor-  
responding month in 1937.

During April, there were 1,237  
checks amounting to \$17,148 re-  
ceived in Navarro county, accord-  
ing to the report received and  
filed Monday at the county clerk's  
office from the state comptroller's  
department. In March, this year,  
there were 1,333 checks, totaling  
\$17,331. The checks in April,  
1937, were 1,569 amounting to \$21,  
179.

Barnard Profit Increase  
NEW YORK, May 2.—(AP)—  
Barnard Oil Co. reported today  
for the March quarter net profit  
of \$283,797, equal to 41 cents a

## HOW TO RESTORE LIFE TO DROWNING; SWIM TIME NEARING

AUSTIN, May 2.—(Spl.)—May is the month when most Texans take a look at the thermometer, make a dive for their bathing suits and hunt the nearest swimming pool or lake. Swimming is a fine sport but it does involve certain hazards. It is tragedy enough to have a drowning accident but for greater tragedy if no one present knows how to save life by artificial respiration.

Dr. George W. Cox, state health officer, advises that the "Prono Pressure Method" is the accepted one for restoring life from drowning. The method involves the following steps:

1. Place patient stomach down, one arm stretched above the other bent, with face resting on it.
2. Resuscitation should begin at once and continue rhythmically until natural breathing is established. This may take four or more hours. The procedure is:

1. Kneel, and straddle the patient below the hips, placing hands on small of the back with fingers over the lowest ribs, tips of fingers just out of sight.
2. With arms straight, while counting one, two, swing forward bearing weight on body firmly but not violently.
3. Swing backwards while counting one, straightening up and thus relieving pressure. This allows air to be drawn into the lungs.
4. Rest in this position for two counts.
5. Repeat these movements rhythmically, forward and backward, without interruption, about twelve to fifteen a minute, until natural breathing is restored.
6. Meanwhile, if assistance is at hand, a physician should be called, and patient should be kept warm.

Patient should not be moved from this spot until he is breathing naturally and then should be carried in a lying position to a place where he can be kept warm and receive expert medical attention.

### News of County Home Demonstration Clubs

**Emhouse Club.**  
The Home Demonstration Club of Emhouse met at the home of Mrs. Pete Hamill Tuesday, April 26th. There were 14 members present. We had an interesting discussion on various topics. Miss Rettiger gave an interesting talk on screening the kitchen and curtains for the kitchen. Curtains of different material were used as a print, unbleached domestic and glass curtains may be used.

After her talk the hostess, assisted by Mrs. Miller, served ice cream and cake.—Reporter.

**Long Prairie Club.**  
The Long Prairie Home Demonstration Club met in the home of Mrs. C. L. Tarrer on Thursday afternoon at 3 o'clock.

After the opening exercises which were led by Mrs. Tom Henderson, a new reporter was elected to fill the vacancy left by Mrs. Quinn. A committee of three was appointed to call upon the sick of the community in behalf of the club.

The question is under discussion as to whether the club shall become a member of the County Demonstration Club. Summer style trends were discussed. Refreshments were served to nineteen members and two guests.

**Rice 4-H Club.**  
The Rice 4-H Club met Thursday, April 27, at the school building at 3:40 o'clock.

Mrs. Fitzgerald, and sponsor, gave out quilt scraps to be placed by the members for a quilt that we are going to sell. Some of the girls are still working on their towels, but others are working on their pillow tops.

Miss Rettiger will meet with us next Friday, May 7, at 3:40 at the school building.—Club Reporter.

**Oak Valley Club.**  
The county yard if properly planned should provide a spot for rest, work, and recreation for every member of the family. Mrs. S. P. Love told ten members of the Oak Valley Home Demonstration Club at a meeting in the home of Mrs. J. D. McManus, April 27.

In furnishing the yard for the above activities, Mrs. Love said, remember the following points: Waterproof, rust-proof, warp-proof and folk-proof the last of having sturdy joints and be smooth enough not to ruin hose.

For resting Mrs. Love said: Nothing is more restful than a hammock. Canvas-back, adjustable chairs with arms are comfortable. A stool added makes a useful table. A lawn swing should be located to get a good view of something.

For play a number of things may be assembled such as a rope swing, chinning bars, etc. A box to keep equipment in, such as washers, horseshoes, ball and bat, and croquet set. For cooking, an outdoor fire place should be built. Adirondack chairs are good for sewing as they have a wide arm convenient for setting your pattern.

Miss Hortense Waters talked on "Texas Scrubs—Their Looks and Legends."

Mrs. John Howell's resignation as kitchen demonstrator was accepted and Mrs. J. D. McManus was appointed in her place. Mrs. John Howell was elected president to finish out the term as Mrs. Jim Taylor has resigned.

One new member was present Mrs. O. E. Scarborough and on visitor, Mrs. Jess Averitt. Next meeting will be May 9, at Mrs. T. E. Young's.—Reporter.

### FORMER BUSINESS MAN HERE DIED IN WACO ON SATURDAY

WACO, May 2.—(Spl.)—H. W. Carver, aged 68 years, president of the Cooper Grocery Company, died at his home here Saturday.

A native of Whitney, Hill county, Carver came to Waco in 1905 and has been an executive of the Cooper company for 31 years. Before coming to Waco, he was in the wholesale grocery business in Dallas, Waxahatchie and Corsicana.

Surviving are his wife, two brothers, W. A. Carver, Oklahoma City, and Charles S. Carver, Hillsboro, and three sisters, Mrs. E. L. Spurlock, Dallas; Mrs. A. L. Smith, Murphysboro, Tenn.; and Mrs. J. R. Barnhill, Amarillo.

**Seventeen Dawson  
Boys Guests Local  
YMCA Saturday**

Seventeen Dawson boys, accompanied by Hoyt H. Harris, principal of the elementary schools of Dawson, were guests of the Corsicana Y. M. C. A. Saturday afternoon. After games were played in the gymnasium the visitors enjoyed a swim in the pool.

The following boys were present: George Davis, Jene Allen, Holt, Charles Snyder, W. D. Wells, Eillie Sawyer, Doc Long, George T. Weaver, Jack Holland, J. R. Hoge, Carrol Weaver, Doug Barkston, Hugh S. Womack, Sam Akers, James A. Michael, Weldon Wells, Jack Matthews and Lester Cooper.

**Card of Thanks.**  
We want to thank each and every one for their untiring help, expressions of sympathy and floral offerings during the long illness and death of our husband and father, C. L. DeRusha. May God's blessings be yours.—Mrs. C. L. DeRusha and Children.

### Kerens Guard Unit Under Inspection On Friday Evening

KERENS, May 2.—(Spl.)—The Kerens unit of the Texas National guard, Battery E, 132nd Artillery, held their annual inspection drill Friday evening at 7:30 on the Kerens public school grounds, under the flood lights. An interesting exhibition was offered to those interested in National defense. Captain Hal C. Johnson, head of the local National Guard unit was in charge of the drill and Major John J. Atkinson of the Field Artillery of the U. S. Army, was inspection officer.

Kerens has one of the most efficient and best drilled guard units in the state of Texas, and the public enjoyed the opportunity of witnessing the official inspection.

**To Manage Drug Store**

KERENS, May 2.—(Spl.)—Arl Bond, well known Kerensite, who has been employed as clerk at the Commercial hotel in Corsicana for the past year, has taken charge of the Bond drug store, following the death of his uncle, M. T. Bond, who died last Friday evening.

Mr. Bond, who is one of the most popular young men in Kerens, is being welcomed both in business and social circles. He will be manager of both the drug company and the bus station.

KERENS, May 2.—(Spl.)—The singing school which has been in progress the past two weeks at the Oak Grove Baptist church closed Friday evening with a special program. Singers were present from many other communities, and the public in general invited. A singing was also held Sunday, May 1st, at the same place.

**Personal**

J. O. McSpadden and Drew Gilen of Blooming Grove were in Corsicana Saturday morning.

### Emhouse Opened County League By Victory Sunday

Emhouse started their season in the Navarro County Baseball league Sunday afternoon with an 11-5 victory over the Walkover Shoe nine of Corsicana. The tilt was played at Emhouse.

C. F. Broughton, secretary-statistician, is scheduled to announce the schedule for the league during the early part of this week.

**Purchased Interest in Business**

C. E. Pacey has purchased an interest in the Star Tire Store and is now located at that place of business. Mr. Pacey formerly was a traveling salesman for the H. J. Heinz company with headquarters here.

### C. A. VAUGHN OF CORSICANA HEADS DISTRICT LEGION

HILLSBORO, May 2.—Chester A. Vaughn of Corsicana was elected district commander and John Pauling of Hillsboro vice commander of the Sixth District, Second Division of the American Legion, Department of Texas, which met in Hillsboro Sunday with its auxiliary.

Among the resolutions passed was one petitioning congress to pass legislation making Nov. 11 a legal holiday.

J. H. Bruner, post commander, Johnson-Wiggins Post No. 22, American Legion, Corsicana, was endorsed as alternate delegate to the National convention.

**THE CARPENTER**

One time there was a carpenter  
Who worked with saw and plane  
And dreamed of shaping human  
lives  
And soothing mortal pain.  
He tenoned heavy timbers,  
He mortised them with skill  
And dreamed of winning human  
hearts  
To do the Good Lord's will.  
He fashioned roof and side wall  
Of rafters straight and true  
And dreamed that men and women  
The Good Lord's will might do  
But cedar, oak and cypress  
Take one what skill imparts  
And easier is to work with  
Than stubborn human hearts.

**ELEGANT GAS BOYS**

The daring young man on  
the flying trapeze, who flew  
through the air with the  
grace of a gazelle, was prob-  
ably the spiritual ancestor  
of the modern gas station  
attendant. Lately these  
convenient and typically  
American institutions are  
operated, more and more,  
by young men apparently  
chosen for their handsom-  
ness, agility and courtesy.  
They keep miraculously  
neat and clean in spite of  
their work, adding bright-  
ness to filling stations and  
joy to travel.

Homage is paid by an  
oil company to this new  
breed of servitors as fol-  
lows: "A young man good  
to look upon, possessed of  
a pleasing personality, and  
dressed in a snappy uni-  
form, is our best asset in  
the highly competitive busi-  
ness of selling oil station  
products." There are more  
than a million refining and  
marketing employees, and  
perhaps half of them are in  
contact with the driving  
public at gas stations.

Time was when as a na-  
tion we were accused by  
foreigners of sloppiness and  
rudeness in the service oc-  
cupations. That era is cer-  
tainly past. In this greatest  
of modern service indus-  
tries, the servitors are be-  
ginning to shame the rest  
of us with their courtly  
manners and elegant cos-  
tume. And often with their  
language, too.

**AMERICAN JUSTICE**

A curious thing happen-  
ed after that New York riot  
of American Legionnaires  
and Nazi sympathizers. One  
of the rioters, a member of  
the German-American Bund  
and a German citizen, was  
accused of carrying a con-  
cealed weapon—a trench  
knife in a scabbard which  
dangled from the belt of  
his storm trooper uniform.

Learning that the man  
had no lawyer, the magis-  
trate appointed one for him.  
The lawyer was a Jew, but  
he defended the German  
ably. He showed by testi-  
mony of the accusing po-  
lice that the knife was  
not taken from its scabbard  
during the riot and denied  
therefore that the prosecu-  
tion could prove intent to  
use it. He added, looking  
directly at his client, "This  
man is entitled to wear the  
knife as part of his uni-  
form. Boy Scouts wear  
knives."

The magistrate, himself  
a World War veteran, found  
the defendant not  
guilty. Then he said:

"A strange situation con-  
fronts me here. I do not  
believe it could be present-  
ed anywhere in the world  
except in America. Here  
we have this German boy  
defended by a Jewish law-  
yer appearing before an  
American war veteran. This  
situation in an Ameri-  
can court proves the worth-  
whileness of Americanism,  
a fair application of the law  
to all defendants regardless  
of nationality."

The tale ends there. We  
don't know whether the  
Bund member appreciated  
what so impressed the  
court. We don't suppose  
this demonstration of law  
and justice and fair dealing  
will prevent future riots of  
the sort. But it could mark  
one small step in that di-  
rection.

dling money, why not es-  
tablish a trust for him, pro-  
viding a living allowance for  
life, as has been done in  
many a similar case?

The dowager Queen Mary  
is said to have written an  
autobiography and locked  
it up in the British Museum  
for posterity. Royalty, it  
seems, doesn't want any  
book royalties.

**WORRYING YOUNG-  
STERS**

Realistic people know  
that children's lives are sel-  
dom so "happy and care-  
free" as tradition represents  
them. But years of busi-  
ness depression and uncer-  
tainty have made the young  
people worry more than  
usual. A recent psycholog-  
ical study shows it very  
clearly.

They are much concerned  
about their school work,  
taking it more seriously  
than grown-ups would sup-  
pose. The investigators  
found 91 per cent of the  
boys and 94 per cent of the  
girls worrying about failing  
in tests. There was a great  
dread of "poor report  
cards."

But they were not self-  
centered. A big majority  
were worried about father's  
job and mother's health.  
They were very seriously  
concerned about the pros-  
pects of getting a job when  
they left school. There was  
a widespread sense of in-  
security. There was a sur-  
prising "preoccupation with  
matters that reach out to  
the responsibilities of the  
parents and future econom-  
ic security."

Many parents will be  
comforted by the assurance  
that their boys and girls  
are really serious about  
their own lives and thought-  
ful about their father and  
mother. The youngsters  
often do not show this side  
of their character very  
much at home. Yet it is  
not pleasant, either, for  
parents to realize that their  
children are burdened pre-  
maturely with the cares of  
life. It seems to be an age  
of worry.

**APPEASING MUSSOLINI**

Britannia still rules the  
wave, but will let Italy sail  
on her ocean. And in re-  
turn Mussolini, whose bark  
is worse than his bite, will  
let British ships use his  
Mediterranean.

The Suez Canal will be  
available for both powers.  
The Union Jack will con-  
tinue flying over Gibraltar.  
British connections with In-  
dia and Italian connections  
with Ethiopia will be safe.  
Britain will get the League  
of Nations to recognize  
Mussolini's conquest, and  
after that all he will have  
to do will be to conquer it.  
The natives are still fight-  
ing.

There are some friendly  
adjustments, too, about Tri-  
poli and Egypt and various  
other little things which  
will lessen friction between  
the two parties. Particu-  
larly Italy will not steal inde-  
pendent Egypt from Eng-  
land, nor cut off Lake  
Tana and dry up the Nile.  
The British Lion as usual  
gets the lion's share, but  
Italy from time to time will

**HUGE DEMOCRATIC  
MAJORITY MAY BE  
SPLIT NEW PARTY**

TO WHAT EXTENT DEMO-  
CRATIC RANKS BE AFFECTED  
STILL PROBLEMATIC

WASHINGTON, April 29.—(AP)—  
La Follette demands for party  
realignment behind a new banner  
of progressivism raised a threat  
in serious schism today in the  
political forces which President  
Roosevelt wielded into a huge  
democratic majority.

To what extent will democratic  
party leadership, its ranks dis-  
sentimented and rebellious, be  
able to retain support of 1936's  
mixed political bed-fellows?  
Will John L. Lewis, C. I. O.  
walk out with the La Follette  
group into "the National Progres-  
sives of America?"  
Will the American labor party  
head the La Follette call to aban-  
don "reactionaries in both old  
parties?"

On answers to such questions  
hinged the success of the new  
progressive party, democratic  
changes to reform the White House  
in 1940. Republican opportu-  
nities to build upon slender congres-  
sional minorities toward capturing  
the national administration two  
years hence.

Involved in the outcome, too,  
was the possibility that events  
might draw Franklin D. Roose-  
velt into a third term race.  
This possibility already had  
been mentioned by Senator Nor-  
ris, Nebraska independent who  
supported the senior Robert M.  
La Follette when he sought the  
presidency on a progressive ticket  
in 1924.

Norris has supported democratic  
presidential tickets since that  
time. He had no immediate com-  
ment on Governor Philip F.  
La Follette's announcement in  
Madison, Wis., last night that a  
National Progressive party had  
been formed.

One of the first reactions to  
the governor's address to 5,000  
followers brought an interpreta-  
tion that the La Follette must  
expect to draw heavily on 1936  
Roosevelt supporters for party  
recruits.

Senator Pope (D-Idaho), staunch  
administration supporter, staunch  
believer that the progressive  
movement would not gain much  
headway this year "because it  
lacked control of the party. I would  
expect a powerful third party  
movement to develop."

Called to Arkansas,  
Lewis, La Follette was called to  
Lewisville, Arkansas, Friday by  
the serious illness of her sister,  
Mrs. Florence Powell.

get one little favor or an-  
other.  
The biggest thing in this  
treaty, perhaps, is some-  
thing not mentioned at all  
in the document. Italy is  
being weaned away from  
Germany. Now if France  
follows the British example,  
as she is expected to do,  
Hitler's Germany may be  
isolated again as Wilhelm's  
Germany was in the World  
War. And that might mean  
many years of peace.

Maybe the reason why  
economic principles are so  
hard to understand is that  
the explainers don't under-  
stand 'em either.

Truth used to be "hidden  
at the bottom of a well."  
Now it's buried under a  
mountain of propaganda.

District Court.  
Special venues of 36 prospective  
jurors were drawn Friday under  
the orders of Wayne R. Howell,  
district judge, for the cases of  
the State of Texas vs. Jim Gar-  
rison, murder, and Reginald  
Spikes, robbery with firearms, set  
for trial Monday May 9.

Garrison was tried several years  
ago in connection with the fatal  
shooting of Aube Washburn, near  
Spikes, robbery with firearms, set  
for trial Monday May 9. The  
case, however, later was reversed  
and remanded by the Court of  
Criminal Appeals, Austin. Joe E.  
Anderson and W. D. Raiston have  
been appointed defense counsel  
for Garrison by Judge Howell.  
Spikes faces trial on an indict-  
ment in connection with the al-  
leged robbery of W. F. Sanders,  
near Froot, when \$400 was in-  
volved. The case was filed in  
1935, but the defendant was not  
apprehended until a few weeks  
ago in Fort Worth. Judge How-  
ell has appointed Ramsey Cox as  
defense counsel for Spikes.

An instructed verdict was re-  
turned in the case of Mrs. M.  
Castles vs. T. H. Harbin, et al.,  
suit on note. The verdict auth-  
orized by Judge Howell was  
against James H. Harbin.

The jury for the week Thurs-  
day was finally excused.  
Civil matters were being heard  
Friday morning.

TWO AND HALF ADDITIONAL  
CREDITS GRANTED BRING-  
ING TOTAL TO 40

Two and a half additional cred-  
its, bringing the total number to  
40, were granted the Corsicana  
high school this week following a  
visit of John W. Gunstream, ele-  
venth district deputy state super-  
intendent of the State Depart-  
ment of Education. It was an-  
nounced today by Superintendent  
W. H. Norwood.

The new credits are commercial  
law, half credit; typing, half cred-  
it; additional, bringing typing af-  
firmation to one full unit for work  
now given; Bible (Old Testament)  
half credit and band one credit.

The entire 40 credits now affil-  
iated include the following:  
Algebra 2, American History 1,  
Ancient history 1, bookkeeping 1,  
biology 1, Bible 1-2, chemistry 1,  
commercial arithmetic 1, civics  
1, commercial law 1-2, English 4,  
economics 1-2, English history 1,  
general science 1, home econom-  
ics 3, Latin 4, Mechanical draw-  
ing 1, 1-2, modern history 1, mu-  
sic 2, instrumental music (band)  
1, occupations 1-2, physics 1,  
plane geometry 1, Spanish 3, solid  
geometry 1-2, stenography 1,  
shop work 1-2, trigonometry 1-2,  
Texas history 1-2, typewriting 1,  
and world history 1.

Mr. Gunstream visited the Cor-  
sicana schools for a day and a  
half for the purpose of observing  
the program (teaching personnel  
and school facilities). According  
to Superintendent Norwood he was  
complementary of the organization  
and the activities which are being  
carried on by the teachers. He  
well trained, agreeable to approach  
and energetic and enthusiastic in  
their particular assignments.

It was with these ideas in mind  
Superintendent Norwood said that  
Mr. Gunstream plans to make his  
report to the State Department of  
Education and to the Southern  
Association of Colleges and Sec-  
ondary schools, which are the  
accrediting agencies which give  
ratings to the educational institu-  
tions of the state.

**CREEKS OVERFLOW AS  
RESULT HEAVY RAIN  
IN ELLIS COUNTY**

Fed by excessive rains in Hill  
and Ellis counties Thursday,  
Richardson and Chambers creeks  
Friday were reported out of banks  
and covering a large portion of  
the lowlands. The overflows were  
reported high in the northern and  
western sections of the county.

The precipitation at Milford,  
Ellis county, near the site where  
Hill, Ellis and Navarro counties  
meet Thursday was reported at  
five inches. A number of the  
high waters on Chambers this  
spring have been occasioned by  
huge rains in the vicinity of  
Italy, Ellis county.

It was reported that a hard  
rain fell in the Tupelo area  
Thursday afternoon, but the rain  
receiving the hard rain was a  
narrow section.

Motorists returning from Dallas  
late Thursday afternoon reported  
hard rains near Dallas, forcing  
motorists in a number of instan-  
ces to stop their cars along the  
highway until the rain slackened.  
The swollen streams, however,  
are expected to return to their  
banks within a short time and  
no additional damage is expected  
as the lowlands have been inun-  
dated frequently and little or no  
farming operations have been pos-  
sible. The additional overflow will  
further delay the badly needed  
plowing and planting in the bot-  
toms and the crops, if any are  
made, will be exceptionally late.

**'Mayflower Bible'  
Now in University  
Of Texas Library**

AUSTIN, April 29.—(AP)—The  
"Mayflower Bible," precious docu-  
ment to Pilgrim descendants, now  
rests at the University of Texas  
library, where other literary and art  
treasures of the Mifflin Luther  
Stark collection.

The 10,000 rare and beautiful  
volumes, gathered by Mrs. Stark  
of Orange at a cost of millions,  
are recorded by experts to rank  
the university's collection one of  
the half dozen greatest centers in  
the world for English literature  
research work.

The Stark books, with the fam-  
ed John Henry Wren and George  
A. Aitken collections, were re-  
cently housed in a suite of spec-  
ially designed rooms on the fourth  
floor of the new administration  
library tower. They were pre-  
sented the university before her  
death 12 years ago.

As pointed out by Miss Fanny  
Ratchford, librarian in charge of  
the books, the Mayflower Bible  
should have the earliest genealog-  
ical document of the Plymouth  
colony—the Bible recording the  
birth of the first European child  
of the Puritan group on board  
the historic craft in Cape Cod  
harbor.

The book is a "Breeches Bi-  
ble," so called because of a trans-  
lation in Genesis 3:7.—"And they  
sawed fig leaves together and  
made themselves breeches." "In-  
stead of the more correct word  
"aprons."

Program Profitable**

BEAUMONT, April 29.—(AP)—W.  
P. H. McFadden, Jefferson coun-  
ty stockman, banked \$1,325 profit  
on 106 yearlings finished on a  
120-day trench silo feeder pro-  
gram to determine its value over  
grass fattening.

McFadden fed the yearlings on  
siloage, supplemented by cotton-  
seed meal, blackstrap molasses and  
home grown corn. They showed  
an average gain of 150 pounds and  
sold at seven to seven and one-  
half cents a pound.

AUSTIN, April 29.—(AP)—Attor-  
ney General William McCraw of  
Texas announced today appoint-  
ment of Welly K. Hopkins of  
Gonzales as first assistant at-  
torney general.

Hopkins, now an assistant to  
the United States attorney gen-  
eral, will assume his duties in  
the federal post by President Roose-  
velt in 1938. At present he is en-  
gaged in the trial of 67 defend-  
ants, indicted for criminal con-  
spiracy to deprive Harlan county,  
Kentucky, coal miners of their  
rights to collective bargaining.

## HOUSE COMMITTEE REFUSES SEND BILL TO GENERAL DEBATE

### ACTION DECLARED TO MEAN VIRTUAL DEATH ADMINISTRATION MEASURE

WASHINGTON, April 29.—(P)—The house rules committee, ignoring President Roosevelt's insistence on enactment of wage-hour legislation at this session, refused today to grant the revised wage-hour bill right-of-way to the house. House leaders said virtually meant the death of the measure for this session, came at the close of two days of hearings during which the committee heard the bill defended as necessary to halt a "vicious spiral of deflation" and denounced as "arbitrary and capricious."

The bill would have fixed minimum wages at 25 cents an hour for the first year, scaling up to 40 cents at the end of three years. Hours would start at 44 per week and drop to 40 in two years.

Chairman O'Connor (D-NY) said the vote was 8 to 6 against letting the bill reach the floor. Before the committee acted, Representative Wood (D-Mo) told the committee the initial wage of 25 cents an hour would put 2,000,000 persons to work.

WASHINGTON, April 29.—(P)—Representative Wood (D-Mo) told the house rules committee today the initial minimum wage of 25 cents an hour in the revised wage-hour bill would put 2,000,000 persons to work.

Opponent of the measure, Rep. Lamberton (R-Kan) said he disliked the "centralization of power" which he declared was imposed by the bill. Representative Cox (D-Ga) asserted that the congress had no power to fix the wages and hours of all labor, that it has the power to do anything that the political exigencies of members might dictate.

Because testimony for and against the bill consumed so much time, Chairman O'Connor (D-NY) told reporters the rules committee would not complete consideration of the legislation this morning as originally planned. O'Connor gave no indication as to when a vote might be reached.

Representative Dies (D-Tex) and Mitchell (D-Tenn) expressed the opinion that although the minimum wage, starting at 40 cents an hour, might not seriously disturb business, the provision raising the minimum to 40 cents at the end of three years would have an upsetting effect on business.

Representative Egan (D-Calif.) said the committee, said delay in enactment of the wage-hour bill was "making radicals" in this country.

"This is going to be a national issue," Welch declared, "and if it could be put to a referendum, every state in the union would ratify it."

WASHINGTON, April 29.—(P)—Mayor Neal Rader of Port Arthur, Texas, told a senate commerce sub-committee today Sabine Lake, a project of the Sabine-Neches waterway unless a retaining wall were constructed to catch dredging spoils.

He said 18 miles of beach should be protected from the Lake since the cost of the waterway at an estimated cost of \$3,000,000 and asked authorization for the work he asserted in the rivers and harbors bill. The bill contains a \$4,320,000 item for widening the shipping channel from Beaumont, Tex., past Port Arthur to the Gulf.

The mayor declared previous dredging had damaged the lake to such an extent as to "practically rob" the city of a lucrative tourist trade. He added that marsh lands formed by uncontrolled dumping of spoils would make mosquito breeding places and menace the health of Port Arthur citizens.

Attorney B. T. McWhorter, representing the Port Arthur Chamber of Commerce, said army engineers who recommended the channel widening had expressed unofficial opposition to the retention program, but had not recommended it for inclusion in the rivers and harbors bill because it was not actually a navigation project. He said Port Arthur had little to benefit by the project compared with points upstream on the waterway.

WASHINGTON, April 29.—(P)—The agricultural adjustment administration launched a counter campaign today against a threatened corn belt revolt against the new crop control program.

Making cognizance of protest meetings in several Midwestern states and a flood of individual complaints against corn acreage allotments, the administration held "educational" meetings in an attempt to rally farmers back to the program.

WASHINGTON, April 29.—(P)—President Roosevelt ordered his old fishing trips packed today for an Atlantic ocean excursion expected to add over 2,000 miles to his existing record of 118,838 miles. He will be away at least a week. He will leave tonight.

WASHINGTON, April 29.—(P)—President Roosevelt asked congress today to appropriate \$5,000,000 at once to start construction of two new, replacement battleships.

## Railroads Give Notice Wage Cut For All Labor

### CHICAGO, April 29.—(P)—The Association of American Railroads adopted today a resolution under the railway labor act to give notice of a 15 per cent wage reduction effective July 1 for all classes of labor.

The cut would represent a saving of \$250,000,000 annually to member roads, the association said.

In a memorandum, the association stated the wage cut was necessary because of loss of revenue and increases in operating costs. Revenue has declined because of a decline in traffic, diversion of traffic to competing forms of transportation and inadequacy of the recent freight rate raise allowed by the interstate commerce commission.

Operating costs were higher, the memorandum said, because of advanced payrolls due to the 1937 wage increases and adjustments, costly and restrictive interpretations placed on working rules by a judgment board particularly for employees in the transportation group, legislative expenses accrued in opposing regulatory measures, and the increase in expenditures in materials and supplies costs.

The memorandum said that in determining the amount of the wage reduction it was sought for approximately 1,000,000 workers serious consideration was given the present financial condition of the carriers which it said was "even more desperate than it was in January, 1932, when a reduction of 10 per cent from pay checks was accepted voluntarily by the employees."

In the four months ended in January, 1938, the net operating income of Class 1 railroads, or 10 per cent below that earned in the four months ended in January, 1932.

**No Reduction Agreement.** CLEVELAND, April 29.—(P)—D. B. Robertson, president of the Brotherhood of Locomotive Firemen and Engineers, declared today "there will be no wage reduction agreed to by railroad employees."

Robertson said the wage reduction resolution of the Association of American Railroads was "an attempt to embarrass the president in his efforts to bolster recovery."

He asserted the wage bill of the railroads has been reduced \$1,000,000 a month since last October.

"We're paying our price right now," the Brotherhood leader said, "and if those bondholders who are controlling the railroads will take their losses, we'll be in pretty good shape."

## PRESIDENT SENDS ANTI-TRUST STATUTE REVISION MESSAGE

### ASKS FUNDS FOR COMPREHENSIVE STUDY OF CONCENTRATION ECONOMIC POWER

WASHINGTON, April 29.—(P)—President Roosevelt recommended to congress today a \$500,000 appropriation for a "comprehensive study" of the "concentration of economic power in American industry and the decline of competition."

In his long promised message on anti-trust law revision, the president also proposed for immediate enactment the following legislation:

"To effectively control the operation of bank holding companies."

"To prevent holding companies from acquiring control of any more banks, directly or indirectly."

"To prevent banks controlled by holding companies from establishing any more branches."

"To make it illegal for a holding company, or any corporation or enterprise in which it is financially interested to borrow from, or sell securities to bank in which it holds stock."

"I recommend," Mr. Roosevelt said, "that this bank legislation make provision for the gradual separation of banks from holding companies."

He declared the program was not the beginning of "any ill considered trust-busting" activity. It was a program to "preserve private enterprise for profit by keeping it free enough to be able to utilize all resources of capital and labor to its profit."

Concentration of private power existing today was "without equal in history" and was "growing," the president said.

He announced he would ask a deficiency appropriation of \$200,000 for the department of justice to provide for the "proper and fair enforcement of the existing anti-trust laws."

He proposed to be conducted by the federal trade commission, justice department and the securities commission, should not be confined to the anti-trust laws but cover the "effects of tax, patent and other government policies."

"There should be an examination of the existing price system and the price policies of industry to determine the effect upon the general level of trade, upon unemployment, upon long term profits and upon consumption," Mr. Roosevelt asserted.

Enumerating some of the items for study, he said the anti-trust laws should be made susceptible of practical enforcement by "casting upon them charges with implications the burden of proving facts peculiarly within their knowledge."

"The justice department and the securities commission," he added, "should be given more adequate and effective power to investigate whenever there is reason to believe that conditions exist or practices prevail which violate the objectives of the anti-trust laws."

"If investigation reveals borderline cases where legitimate co-operative efforts to eliminate social and economic waste are being hindered by competition in particular industries are thwarted by fear of possible technical violations of the anti-trust laws, remedial legislation should be considered."

At present, he suggested that where a corporation is enjoined from violating the law the court be empowered to enjoin it for a period of time giving it a remunerative employment to any person found to bear a responsibility for the wrongful corporate action. The government, he added, might give authority to withhold government purchases from companies guilty of unfair or monopolistic practices.

The following announcement of the new officers for the Texas Federation of Music Clubs will be of interest to the music organizations of the city, as noted in this morning's Dallas News:

NEW YORK, April 29.—Young Countess Geraldine Apponyi, the lovely American-Hungarian, has walked straight into an Arabian Nights adventure in Albania.

This little mountain kingdom is one of the primitive spots of the earth—a bit of wild beauty dropped down beside the Adriatic and forgotten by the passing world.

King Zog himself has been shot at so many times (and he has been wounded) that he must have a charmed life to have survived.

When he first came into power he used to be guarded by two corps of troops when he crossed the street to visit his mother.

Things are a bit different now, but he still doesn't advertise his whereabouts by lighting cigarettes on his palace balcony at night.

Queen Geraldine escapes the harem howl by the means of an abolished polygamy. Being western in his ideas he has even got away from the eastern penchant for plump girls, and picked himself as a queen as ever graced through the centuries.

Geraldine will find no Hungarian goulash in Tirana for the cooking is Turkish. One favorite dish is shishkabab—bits of mutton grilled and served on sticks. So far as breakfast is concerned, the queen will be able to see her leaping from Craig to Craig in the morning sun as she looks from her balcony over the city.

She likes the goats' milk and cheese of her adopted country. Tirana is one of the smallest capitals in the world—a nice little town of 30,000 people, nestled under the wing of a mountain. The population of the entire country is only about a million, but they are hard and hardy.

The royal palace is a long, low building in the heart of the city. Queen Geraldine tires of the wonderful scenery about her, she can be beside the Adriatic in 45 minutes. She uses a motor car for the short and not the long and buggy which is the chief transport of the capital. They have modernized the carriages by putting auto horns on them.

## HIGH SCHOOL BAND AND GLEE CLUBS COMBINED FOR PRESENTATION FINE PROGRAM

### C. H. S. Band Director

By JOHN SAM HASLAM.

The resources of the Corsicana High school's concert band, boys' and girls' glee clubs and the music classes combined their talents Friday evening to present a varied program in the school auditorium.

The band was directed by Joel C. Trimble and the other units were led by Miss Mary Lou Marsh, high school music teacher.

Proceeds from the program are to be used as a fund to buy musical instruments.

The school band opened the program with Yoder's "Fanfare and Alma Mater." This vignette was played behind curtains, and as the finale was reached the curtains were drawn, revealing the colorful band seated on the stage.

Director Trimble presented the band in "Poet and Peasant Overture," by Von Suppe as the opening selection. The next two numbers were "The Witch of Endor Overture," by Hindleth, and "The Wanderer's Call Overture," by Guenther, were numbers played by the band in the recent contests.

Miss Lowry directed the boys' and girls' glee clubs in five ensemble numbers for the second group. Their selections were an English song, "In the Garden," by Beaumont; "Victor Herbert's 'Italian Street Song,' 'Rudolf Friml's 'The Donkey's Serenade,' and 'Gershwin's 'Tales From the Vienna Woods.'"

Miss Jewel Taylor was the accompanist.

The third presentation, given by members of the Harmony class was a humorous take-off on the high school's annual coronation. The piece was styled "Coronation of the Court of the Compass," and as the title indicates, Globe Trotter, the "Marekela" was crowned.

A court made up of popular representations from the four corners of the globe, Johnny Garlity was the accompanist, Fred Griffin the emcee, and Ben Blackman the announcer.

John Webb, Jr., was presented in a saxophone solo, and a well-deserved encore. His first number was "Saxaphobia," by Rudy Weidert, and his encore was "Waltz LaVerne."

**Boys' Glee Club Number.** Programmed as the fifth event on the evening's program were the boys' glee club, who were presented by the boys' glee club, with Miss Margaret Sutton as accompanist. Inventor Iva Loose presented 20 or 25 deadpan musical robots, playing "Side-walks of Old New York."

"The Goulash Ballet," a neo-classical dance fantasy, was given by the general music class, with Miss Carolyn Megarty playing the accompaniment. The two girls, assisted by a corps d'elite, regaled the audience with the Apache dance with all the accoutrements.

The evening featured, the audience and cast sang "The Eyes of Coral."

Students taking part in the program included the following:

**Band:** Grady, Charles; Martin, Charles; Skelton, Jack; Almond, Bruce; Sullivan, Daniel; Jack, Marvin; Crutcher, Francis; Lindsey, Fred; Griffin, Albert; Horn, Joe; Terry, William D.; Travis, Ralph; Stell, Jr., Carrie; Bess, Gray; Margaret Willard, Charles; Harrison, Frank; Wright, Bobby; Levy, Earl.

**General Music Class:** Minnie Seay, Louise Butler, Dorothy Craven, Betty Jo Ellett, Ruth Elaine Golden, Mary Louise Kerr, Martha Martin, Rose Marie Martin, Martha Moore, Frankie Smith, Jewel Taylor, Earl Bush, Earl Ralston, Wanda Harris, Neil.

**Harmony Class:** Dorothy Burkhardt, Earline Joyner, Mary Bess Love, Dorothy McCarter, Theda Pyburn, Margaret Sullivan, Margaret Sutton and Elbert Neely.

So far as breakfast is concerned, the queen will be able to see her leaping from Craig to Craig in the morning sun as she looks from her balcony over the city.

She likes the goats' milk and cheese of her adopted country. Tirana is one of the smallest capitals in the world—a nice little town of 30,000 people, nestled under the wing of a mountain. The population of the entire country is only about a million, but they are hard and hardy.

The royal palace is a long, low building in the heart of the city. Queen Geraldine tires of the wonderful scenery about her, she can be beside the Adriatic in 45 minutes. She uses a motor car for the short and not the long and buggy which is the chief transport of the capital. They have modernized the carriages by putting auto horns on them.

Albania is a rich country, but that is compensated for by the

## ANOTHER POLITICAL PARTY LAUNCHED BY GOV. LAFOLLETTE

### THE NATIONAL PROGRESSIVE PARTY OF AMERICA DEDICATED FREEDOM, SECURITY

MADISON, Wis., April 29.—(P)—A new party pledged to the goals of ensuring freedom and security for the people stood forth today upon the national political scene.

The National Progressive Party of America, dedicated to those ideals, was offered to the nation last night by Philip F. La Follette, governor of Wisconsin, who widened beyond repair a breach with President Roosevelt, junked political theories of other parties and set a new course in this direction:

"Definitely and irrevocably we are in the lists to stay until the American people recapture their heritage."

This heritage was defined as the right of every American "to earn his living by the sweat of his brow" security "founded on a definite, decent annual income for all," and freedom of conscience and control.

To attain these ends, La Follette declared for public, not private, control and ownership of money and credit, "without qualification or reservation," a staunch defense of the "basic concepts of American government, and, in particular, that grants of power should always be safeguarded against abuse."

**Opposed to Coddling.** "Flatly the governor opposed every form of coddling, or spoon-feeding the American people," declaring that "whatever it may cost we will help God—what we shall do is to restore to every American the opportunity to help himself." After that, said La Follette, "he can sink or swim."

This was born the second political party he conceived and nurtured in Wisconsin. In 1894 the republican party came into being at Ripon, Wis.

At that time the democratic and whig parties were dominant. Last night, La Follette rejected not only the leadership of present day republicans and democrats, but characterized as useless for the recovery of the nation any form of capitalism, socialism, fascism or communism.

Sound investment of capital again will create increasing demand for what the nation produces. La Follette said, adding that capitalism did the job well in frontier days.

"We have not yet provided the machinery to do it for the new frontier," he continued. "In this old-fashioned capitalism is gone forever, x x x the old-fashioned capitalist fails to see that the world in which we live has changed."

The governor begins welding the new party into effective organization at Des Moines, Ia., today, where he is scheduled to make a radio broadcast. Tomorrow he will speak to a farm labor group at Cedar Rapids, Ia.

His gray hair, thick of hair, disheveled and his face marked with perspiration, he outlined his plan for two hours last night to 5,000 in the University of Wisconsin stock pavilion and an overflow crowd of supporters.

Brotherhood Support Message. A. A. Berle, assistant secretary of state and representative of Mayor La Guardia of New York, who the only national personage who appeared, but the governor's brother, U. S. Senator Robert M. La Follette, Jr., sent a message of support from Washgton.

The names of important leaders of other states, and who endorsed the movement, were withheld for the time being by the governor and his associates.

La Follette, declaring American freedom is rooted in American abundance, said to his audience: "The rise of dictators, the destruction of democracy and the spectre of another world war have one underlying cause: the failure to produce enough real wealth to support a secure and high standard of living."

"If there is plenty to go around," he said, "there is security, happiness and tolerance through the nation. But when there is not enough, people relate to it as some public authority, which x x x uses its control to divide what there is. But dividing or sharing wealth is not a solution x x x."

He warned that the nation faces a day of reckoning.

It may not come this year or the next, he said, but "the cold, inescapable truth stands before us. The American standard of living today is supported by a support of outworn public and private debt."

**Presidential Comment.** WASHINGTON, April 29.—(P)—President Roosevelt told reporters today he would stand on his commitment of last Tuesday, when asked his reaction to formation of a new progressive party by Governor Philip F. La Follette of Wisconsin.

At his Tuesday press conference the President said the more liberal forces organized to promote progressive policies and action better it would be for the country.

**Five Killed And Three Injured In Collision Autos**

SAGINAW, Mich., April 29.—(P)—Five persons were killed and three injured severely in a head-on collision of automobiles today on the Dixie highway eight miles south of Saginaw.

The dead: Theodore Napieralski, Bay City; George Ravelack, Flint; J. H. Hammond, Flint.

An unidentified man and woman.

Napieralski's body was jammed behind the steering wheel of one of the cars. All the others had been thrown clear of the wreckage.

## American Honorary Citizen of France Died on Saturday

### EDWARD TUCK

MONTE CARLO, April 30.—(P)—Edward Tuck, American honorary citizen of France besides Woodrow Wilson, died after a lingering lung illness at his Villa La Turbie here today. He was 98 years old.

Tuck came to Paris as vice-consul under Abraham Lincoln. He was one of the latter day benefactors of France.

Consumption of Cotton Is Thought Past Its Zenith

AUGUSTA, Ga., April 30.—(P)—Dr. Claudius T. Murchison, president of the Cotton-Textile Institute, told the American Cotton Manufacturers Association today that world consumption of cotton appears to have reached or passed its zenith.

Dr. Murchison, addressing the association's 42nd annual convention, said "cotton is caught between the upper and nether millstones of rayon and paper with jute mopping up on the side."

He attributed the success of these competitive industries to large scale research effort, economies of mass production, merchandising, and sponsorship of the goods from the producer to the consumer, and advertising.

The cotton textile industry, he said, for the most part is composed of small individual units, and while there are several large cotton textile companies carrying on their own experiments, yet for the industry as a whole, research activity is extremely limited and the same may be said of merchandising and promotional effort.

Dr. Murchison suggested a three-point program for the cotton textile industry:

Scientific laboratory experimentation aimed at development of new fabric qualities and finishes, and the application of existing fabrics to new uses.

Improvement in merchandising, particularly through the use of improved purposes and for household furnishings.

More effective effort in directing public attention to the values of cotton products.

**LAFOLLETTE MAY USE FARMER-LABOR PARTY POLITICAL NUCLEUS**

DES MOINES, April 30.—(P)—Gov. Philip La Follette of Wisconsin today told reporters that he would use the Farmer-Labor party as a possible nucleus for developing the newly announced national progressive movement in this state.

The governor's intervention rally of progressives to night at Cedar Rapids, Ia., in his third speech on the new national political party he initiated Thursday night at Madison, Wis.

Spreading over a nationwide radio hookup here last night, the governor declared the "progressive leaders" in the Democratic party have become "an outer fringe."

He attacked the overproduction theory as a cause of economic distress by saying "it is not reasonable to speak of a third of our people as ill fed, ill clothed and ill housed, and that because of overproduction."

In New York Mayor F. H. La Guardia termed La Follette's third party plans "very interesting."

# Beauty Diary

of Edna Kent Forbes  
A SKIN FRESHER

If your skin is sallow, or if it is accumulating blackheads, to Miss Forbes' treatment given in today's diary.

There is good reason for avoiding starch in any mixture as a powder for the skin as, in its dry state, the nature of starch is to swell with moisture added to it; however, it is applied mostly to rice powder, and since it is finer than other forms of starch, it is often included in face powders. The only objection to these is their natural tendency to swell, and if they are rubbed into the skin they might be a tendency to stretch the pores. Usually, the secretions of the skin throw off powder rapidly, so the danger of getting enlarged pores through starch, rice, corn, or any other starch form is slight. All of them are too coarse for a softened effect, and these should be eliminated for that reason alone.

Yet, all starches, if thoroughly moistened first are splendid skin cleansers, and the best of these is corn starch moistened with buttermilk. It should be moist that it almost drips while being applied to the skin of both face and neck, so you will have to protect your clothes. A rubber shoulder cape is fine for this purpose. Several coatings are better than one, and then lie down for a half hour to let the coating absorb dry. You will have to pick it off in broken sections before you may use water to complete it. The buttermilk bleaches and feeds the skin, while the corn starch cleanses the pores; together, they have the effect of an astringent. Such a searching effect as this will mean a temporary dryness to the skin, but a little oil or cream will off-set this at once.

N. W.—The object in a massage is to stimulate circulation, rubbing more than this.

Mrs. V.—There are a number

of simple things to do for removing warts, but after trying these without success, better have a doctor rid you of them. Never use any caustic remedy, either; but keep the wart! The simple things are rubbing with olive oil, then salt is another thing for a trial, and if the wart is not on the face rub over the top of it with a piece of pumice.

## Poet Laureate Of Texas Chosen For American Mother

NEW YORK, April 28.—(AP)—Mrs. Grace Noll Crowell of Dallas, Tex., who found time to write 2,000 published poems while raising three children, is "The American Mother of 1938."

Her selection was announced last night by the Mother's Day committee of the Golden Rule Foundation.

J. Paul Maynard, editor of the Christian Herald who seconded Mrs. Crowell's nomination, said she "expresses the spirit of motherhood in her breadth of human sympathy, and in the fact that literally thousands of people write to her every year because she draws from them a desire to confide, as a child to his mother."

Mrs. Crowell was chosen after close voting, over a field of finalists that included Mrs. Eddie Carlor, wife of the screen and radio comedian; Mrs. Charles B. Knox, Johnstown, N. Y.; and Mrs. Catherine L. Dougherty, Wilkes-Barre, Pa.

The new "American mother" is poet laureate of Texas and has been writing verse for 30 years.
